2008 HIA CSR NSW Housing Awards Winner

in the category of Display Homes Under \$250,000

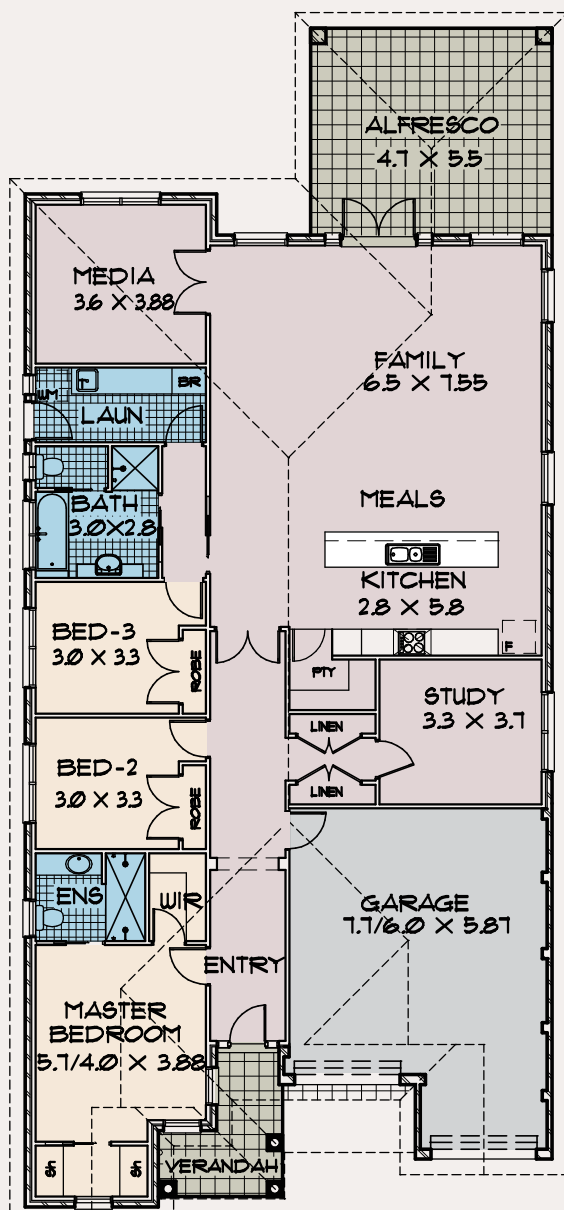

The design brief for "The Palladio" was grace, understated decorative elements and the use of symmetry.

"The Palladio" is a formal Georgian residence with a unique interplay of style and space. The design is influenced by classical Georgian architecture integrating the needs and wants of today's discerning home buyer.

The HIA judges made the following comments on The Palladio. "Beautifully detailed home with exceptionally high quality old school construction. Free flowing spacious design with quality fittings and finishes throughout. The quality of construction and detailing for a home in this price range would be considered rare."
